## NIGHT FINAL EDMONTON BULLETIN LATE SPORTS FINANCE

SIXTY-NINTH YEAR

EDMONTON, ALBERTA, THURSDAY, NOVEMBER 10, 1949

Telephone 42111

PRICE 5 CENTS

### CITY GIRL HONORED FOR WORK

HOMETOWN GIRL Peggy Newland was feted last night when West End Business Men's Association made presentation at Edmonton Gardens. Miss Newland, member of Skating Sensations of 1950, was presented with flowers and arch by Jack Jewell, left, for her work and devotion this summer to kiddies of Kitchener Playground where where she was instructress. Barbara Ann looks on as lone Edmontonian in her show is honored.

### Spaith Wins Top Player Award Vote

Yank Cops Trophy For Second Year With Stampede

WINNIPEG, Nov. 10.—(CP)—Keith Spalth, Calgary Stampede's ace quarterback, has been named winner of the Jeff Nicklin Memorial trophy, awarded annually to the player most valuable to his team in the western interprovincial football union.

Wallace Brown, trustee of the trophy, announced the winner, chosen by sports writers and broadcasters of the four cities in the conference. The award will be made to Spalth Friday at Calgary just before the Calgary-Hegins game.

Dr. Pat Coulgan, medical officer of the First Canadian Air-Troop Battalion, will make the presentation.

### SECOND YEAR

Winning the trophy will be a repeat performance for the elated American import, who topped the award last year, his first season with the Stampede.

Second in the poll was Del Wadine, first backfielder with Regina Roughriders, who received six votes less than Spalth. Sugarfoot Anderson, Paul Rowe, and Riley Matheson of Calgary; Sammy Pierce and Doug Wrightwell of Regina; Mike Kneisel and Bill Clawson of Winnipeg; and Bill Stuker of Edmonton, also drew votes in the poll for the award.

The trophy is put up for competition annually in memory of Major Jeff Nicklin, former Winnipeg Blue Bomber who was killed in action with Canadian paratroop battalion during the Second World War.

### NO BULLETIN ON FRIDAY

There will be no editions of the new Bulletin published Friday, Nov. 11, when the staff will join thousands of other citizens in observance of Remembrance Day.

All regular features, in addition to reports of local, national and world news will be carried in Saturday's Bulletin.

### NEWS RUSHED TO AID

The fight was stopped by Spalth's two sons, Metro and John, who awoke and rushed to their father's aid.

They dragged the attacker off and assisted their father from the telephone.

He was told there was no place in the house.

The stranger then came into the small front room and grabbed Mr. Spalth by the throat and started to pummel him with blows.

He was rushed to a hospital.

### Elderly Man Is Beaten, Knife Threatens Law

An elderly city man was brutally attacked in his home last night by a stranger who came to his door and asked to "use the telephone."

Police today charged Frank Powell, of no given address, with assault occasioning bodily harm. Suffering from a badly bruised face and cuts to the chin is Alexander Spalth of 7815-118 avenue.

### RESISTED ARREST

Powell later attempted to resist arrest by advancing on a policeman, unloading a butcher knife in the air.

Mr. Spalth, the attacked man, related this series of events.

At about midnight a man came to the door and asked to use a telephone.

He was told there was no place in the house.

The stranger then came into the small front room and grabbed Mr. Spalth by the throat and started to pummel him with blows.

### Sacrifice By Edmonton Offered For Railway

By Norman M. Macdonald

OTTAWA, Nov. 10.—(BUP)—The Alberta government would welcome an "economic" solution to the transportation problem of Northern Alberta-Northern British Columbia, even at the expense of freight traffic through Edmonton, the royal commission was told here yesterday.

J. J. Frawley, K. C. legal counsel for the Alberta government, expressed this viewpoint.

He spoke after British Columbia Senator Gray Turgeon and George Murray, Liberal M.P. for Cariboo, had argued for extension of the Northern Alberta Railway as to link northern Alberta and northern British Columbia to west coast ports at Vancouver and Prince Rupert, and tap the huge coal, timber, and waterpower resources in the vicinity of Hudson Hope.

C. W. Brainer, legal counsel before the commission for British Columbia, declared that the west coast province was sold in its own right, the project would be a boon to the province.

Mr. Frawley, Alberta government counsel, made it plain that Alberta's thinking of the project was in full accord with British Columbia.

"Would Alberta hold to this view even if it meant a loss of freight through Edmonton?" Brainer asked.

"Yes we are prepared to follow the economics of the situation," Frawley replied.

Senator Turgeon urged the extension of the Northern Alberta

### Jasper Place Gets Trolleys on Sunday

Trolley bus service to Jasper Place will start Sunday, ETS Superintendent Tom Ferrier said today.

Extension of gas bus service to H. A. Gray school district.

Adoption of eight-minute basic winter schedules on Highlands trolley bus route.

Stepping up of Kingsway

gas bus service from hourly to half-hourly basis.

Despite non-delivery of substitute electrical equipment needed to carry Jasper Place loads, Mr. Ferrier said it had been decided to start trolley bus service to the area.

Service will be a 10-minute basic schedule, with buses leaving 147 street and 102 avenue, coming down 102 avenue to 124 street, down it to Jasper and down Jasper to 97 street. They will turn north on 97 street to 102 avenue, go west to 102 street, then south to Jasper and back west on Jasper.

Two-year leases may be signed for gas rental so which equipment and the tenement area.

MONTHS NOTICE

30 standards which would accommodate before Nov. 1, 1949, and (Continued on Page 2)

### Boosts Are Based On Present Ceilings

OTTAWA, Nov. 10.—(CP)—Maximum rental boosts which can be made on self-contained dwellings next month are 18 and 22 per cent of "existing ceiling rentals," Owen Lobley, Canada's rental administrator, said today.

Tenants living in rooms can have their rents increased by a straight 30 per cent.

The administrator fixed these rates to prevent "pyramiding" of general cross-country boosts allowed by Finance Minister Abbott's announcement last Thursday increasing rents 20 and 25 per cent of pre-1945 levels.

The new increases go into effect Dec. 15.

But most tenants won't start paying higher rents until Feb. 1, 1950. That is because tenants who rent on a monthly basis must be given a full month's notice of the increase.

Mr. Lobley said that rental operators implementing the recent changes in the rental regulations saw have been completed. Copies will be available to the public in rental offices Nov. 18.

The 18 per cent increase applies to unheated self-contained dwellings; the 22 per cent increase to heated ones.

A self-contained dwelling is one in which the tenant has complete use of a kitchen, bathroom, and share them with others than his household, then the accommodation becomes a "lodging" or a room.

While Mr. Lobley clarified the rental picture, the government was preparing an order-in-council to be made public within a week or two, asking the Supreme Court of Canada to rule whether controls are valid.

Mr. Abbott said if controls are found valid, he will ask permission to extend them beyond March 31, 1950. This will permit orderly gradual decontrol over a period of time.

Mr. Abbott said he did not know when controls would finally end. It may be in 1951 or 1952 or even in 1953.

It would depend on conditions across the country.

In his statement Mr. Lobley also announced:

As tenants who undertake to pay the increases must be given a new lease for at least 12 months. In no case can it terminate before May 1, 1951.

Landlords signing leases of two years or more cannot be evicted during the course of the lease to permit the landlord to use the accommodation.

Two-year leases may be signed for gas rental so which equipment and the tenement area.

### Dual Life Hinted In B.C. Death

VANCOUVER, Nov. 10.—(CP)—Was grim, 45-year-old Fernie Blanche Fisher leading a "double life"?

Body of the attractive store clerk was found floating in Pales Creek here yesterday and police suspect foul play.

They are investigating the possibility of a double life as they began hunting beneath the surface of her life.

An autopsy showed the died of drowning—there was water in the lungs. She was alive when she entered the water but possibly unconscious, police said. There were small, internal bruises on the left side of her throat which "could have been caused by fingers." She may have been the victim of a sex maniac.

Friends described her as a woman "who longed for a little glitz."

A spinster, the glitter she lacked in real life was similar to that of the movies.

### AUTOPSY REPORT

The autopsy report, released today by Chief Walter Mulligan, showed she had been with a man the night of her death.

"Foul play is a distinct possibility," said Chief Mulligan.

Whether she was criminally attacked is still being investigated.

When found the body was clad only in a coat and dress. Body hair had been shaved but hair on the head remained intact.

25-year-old Joyce Monasteraki, whose nude body was found on a suburban beach Oct. 8 after she had been missing 22 days, police said the missing case was murder.

# It Happened TODAY

## International

United States is now and friendly with Canada but shouldn't treat the Dominion like she treats Nebraska—in a taken-for-granted manner. This was the opinion of a Canadian Minister of External Affairs Minister L. B. Pearson in a New York address. Pearson pointed out there is more trade between Canada and the U.S. than between the States and any other nation but it is too one-sided in favor of the U.S.

LESTER PEARSON  
... U.S. Minister.

## Germany

A West-Berlin research institute certainly took more than was bargained for when it decided on a war against rats. Research officials made the mistake of offering a two-month reward for each rat delivered. Rats have poured in on the embarrassed officials and there is no reward money left. Soviet zone citizens have been sending in the most rats.

## Chinese War

Diplomats attending a recent British-Singapore conference have recommended recognition of Communist China. Countries included representatives from Japan, China, Hong Kong, India, China, Burma, India, Indonesia and Australia.

## Religion

Commission for world peace of the Methodist Church in the U.S.A. recommends no recognition of the Communist state in China. It is suggested that full legal recognition be postponed until all the people of China have taken on an official government. The Commission did not speak officially for the church.

## U.S. Affairs

It will take at least one month to recover from effects of the U.S. coal and steel strikes. Estimates say National Recovery Act by a 40 to 45-day boom while industry catches up on back orders. It is the time to determine effect on price.

## Soviet Russia

New the Russians are putting out stamps to commemorate

events occurring long before the Revolution. Soviet government has issued new series of stamps on the 12th anniversary of the May Revolution in Moscow. Of course one stamp depicts the Order of Lenin, won by the theatre.

## Here and There

Two Swedish firemen in Chicago to learn about firefighting by their hands in while touring Illinois Institute of Technology. They smelled smoke while going through the institution and with their scientific procedure, helped extinguish a small blaze that caused \$20 in damage.

Mrs. Edith Dickey Meier knows more about cats than Federal Security Administrator Oscar Ewing. Ewing was broadcast about cats. Mrs. Meier, a Communist, told Ewing that if he is a Democrat her cat is a Communist. Ewing said it was unfair to call her cat a Communist. Her cat is a female.

## Shipping

Shipping delegates from 15 nations attending a London conference have urged governments to end flag discrimination on what ships should carry certain cargoes. Delegates said that shipping companies in Canada was represented at the conference.

## Views on Decorating

Added to reputation it is thought the removal of "sundry" allowances would decrease landlords from exempting and maintaining property. Mr. Lobley said he believed it might decrease interior decoration but not outside repair and maintenance.

Laborers who apply for "sundry" benefits will have their applications considered up to Dec. 15. After that date, their applications will be rejected.

Generally, the 30 and 35 per cent increase announced by Mr. Lobley a week ago will mean an increase of 18 per cent and 22 per cent on current rents. Mr. Lobley said.

It will bring the "general overall" increase about 30 and 40 per cent from 1941 to 30 and 40 per cent over the frozen levels.

The new method of compensation will mean a slight saving, the administrator added. If the increase had been allowed in "granny" it would have meant additional increases of about 30 cents on a house rent for a month.

NEW LEASE OFFERS  
The landlord's offer to grant the new lease if the tenant agrees to rent for 30 days after Dec. 15.

If the tenant declines the offer, he will be given 30 days notice to vacate. Those who have long-term leases will not be affected until the lease expires.

Mr. Lobley also indicated that one of the big reasons was to "justify" the government's decision to "freeze" rents or "floodings".

The distinguishing characteristic is whether the occupant is required by the terms of his lease to have a water-closet or some similar equipment with any other person who is not a member of his household.

## QUICKIES —By Ken Reynolds

"YOUR BROTHER WOULD AD like the chicken were dressed—how come they ain't got feathers?"

18-22 Pct. Rent Increases Set  
(Continued from Page 1)

want to recover possession must give the tenant a 30-day notice to vacate. The accommodation cannot be made before April 1, 1951.

4-Landlords who want to recover accommodation will have to give a "notice and demand" notice. Otherwise they may encounter "legal difficulties" if the tenant refuses to vacate. The rule which prevents these types of notices falling due in the winter has been lifted for the winter of 1950-51. It remains in effect for the winter of 1949-50.

5-Landlords who show "general financial hardship" will be permitted to regain possession of accommodation which they previously could not recover.

FREE OF CONTROLS  
6-Houses erected by companies for use of their employees become free of rental controls.

7-The rental authority will set rents for new houses built to provide for commercial enterprises.

8-The rental authority will set the "rental allowance" previously made. These included land increases to new houses built instead of five to meet the demand from overseas markets.

# Try-Before-Cry Is Attlee's Plea

## Appeal To Labor, Industry Seeks Higher Production

LONDON, Nov. 30.—(CP)—Prime Minister Attlee last night asked Britons to give him a new economic program in exchange for "crying aloud" to the world that disaster is upon us.

He suggested that if labor and management really want to help, they should work longer hours and set higher production schedules to help the export drive and bring Britain dollars she needs to live.

The Prime Minister also accused some workers and managers of "striking" and said some were "ignoring prospective dollar buyers in favor of home markets and business with non-dollar territories."

"There are North American buyers hanging about our markets," he said, "and meeting with little result."

At Attlee's annual Lord Mayor's banquet, said several factories are producing more because workers agreed to longer hours. One drop-out concern started a second shift to produce for the Canadian market and certain departments are working overtime to fill Canadian orders.

"These factories were but a few individual cases which go to show what can be done and what is already being done up and down the country," the prime minister said.

"I ask management and workers to join together to examine the situation, to see whether they can get higher price in production and export."

As Attlee spoke an official of the De Havilland works disclosed 4,000 workers building jet planes agreed to work a 48-hour week instead of five to meet the demand from overseas markets.

He said Vampy jet fighters are being supplied to air forces of 10 countries and interest has been shown abroad for British first jet fighter, the Comet.

As Attlee spoke an official of the De Havilland works disclosed 4,000 workers building jet planes agreed to work a 48-hour week instead of five to meet the demand from overseas markets.

He said Vampy jet fighters are being supplied to air forces of 10 countries and interest has been shown abroad for British first jet fighter, the Comet.

As Attlee spoke an official of the De Havilland works disclosed 4,000 workers building jet planes agreed to work a 48-hour week instead of five to meet the demand from overseas markets.

# Hudson Bay Air Search Continues

WINNIPEG, Nov. 30.—(CP)—Two RCAF Dakotas continued the search today for a missing and two missing on a Hudson Bay search since Oct. 2.

The planes were scheduled to fly over the east coast of Hudson Bay and the islands in the bay today. The flights were expected to cover the whole remaining area to be searched. Air Force officials said.

# 83-Year-Old Woman Rescued From Fire

HULL, Que., Nov. 30.—(CP)—An 83-year-old woman yesterday was rescued from a two-alarm fire in a house in a residential area.

The woman was Mrs. Norman Talbot, mother-in-law of Norman Talbot, the owner of the block at 27 Bridge street.

General Jack Frost moved out of the north last night and this morning laid down a cold, clammy blanket over Edmonton.

He even tossed in a trace which fell for about half an hour yesterday evening.

The warm Pacific air which has made life so pleasant in Edmonton during the past two weeks was finally shoved out by colder polar air, the weatherman reports.

High today is expected to be around 35. This is four degrees below the average for the season. Yesterday afternoon the mercury rose to a balmy 40. At 7:35 this morning it had dropped to 21.

While Edmonton languishes in a Vancouver-style pea-soup, the coast still is enjoying comparatively clear weather.

At Red Deer and Vermilion last night the temperature dropped to 17. Calgary registered 22.

Medicine Hat enjoyed the warmest weather yesterday in Alberta, when the temperature rose to 20. Other temperatures were Swift Current 31, Lethbridge 48, Regina 40, Ottawa 47, Montreal 40 and Halifax 47.

Heavy snow was reported this morning from the Slave Lake and Beaver Lake areas. Light fall was reported from Fort St. John, Durrant and Wetmore.

As the flight to Grande Prairie, Peace River and Yellowknife has been delayed, the flight from Yellowknife to Grande Prairie is reported for eight hours.

# Sick Parents Abandon 2 Children, 7 and 8

BRANDON, Man., Nov. 30.—(CP)—Two children were found yesterday sitting pathetically in the bus depot.

The boy clutched a tin cigarette box, inside was a Christmas card on which was written:

"I can't get work... I'm not well... Have no money... Used up my last cent... My wife can't work, she's sick... Please take very good care of them, please..."

The boy is Tommy, age 8, the girl is Blanche, age 7... Born at Vancouver, B.C.; school, Central school, Nelson, B.C.

On the card's back was the printed inscription "Joy at Christmas". It was signed "Mr. L. J. Jordan and Mrs. Jordan".

A waitress in the depot said she had brought the children in and bought them a meal. Then she left.

The waits said they arrived here last night and spent the night at a hotel. They now are under the care of the Children's Aid Society, while police search for the missing parents.

## Special Show For Youngsters Under 10 Only

By JOHN McLEAN  
Bulletin Staff Reporter

This is strictly for the kids—the 8,000 Edmonton youngsters who will be special guests of Barbara Ann Scott tomorrow.

Barbara's entire skating company is putting on a show just for you and its absolutely free.

First, if you are older than 10 you're out of luck. There are so many youngsters who want to see Barbara skate that the Exhibition Association people had to draw the line somewhere.

No they're going to try to find a seat for the littlest girls and boys. The city hasn't missed a trick in planning this show for you.

Jim Paul, general manager of the Exhibition Association, says there are going to be police, firemen, Boy Scouts and Girl Guides on hand to see that you find a good seat.

ONLY YOUNGSTERS

If you are just a little toddler and can't find your way to the Gardens by yourself, have your dad or mother or big brother take you.

But make sure they realize they can't go in with you.

This is strictly for you youngsters.

There'll be someone at the door to look after you and see that you get back to your dad or mom after the show.

Just as they'll know when to pick you up, tell them the show will last exactly 75 minutes.

Barbara's Skating Session will start at 2:30 tomorrow afternoon. You'll be getting out of the Gardens at 10 minutes to four.

There probably won't be enough room for all the kiddies who want to see this wonderful skating show, so get there early.

**\$50 Fines  
Are Sequel  
To Smashes**

Two motorists were fined \$50 each for dangerous driving today in city court, fined \$50 each and their licenses were suspended for a total of one year.

They were Walter Swiderski of Beverly and Ernest P. Brooks, of 112-25 street.

Brooks was arrested last night after crashing into a telephone pole at the corner of 8th street and 111 avenue.

His license was suspended for six months and he was fined \$50 by Magistrate A. L. Miller.

Swiderski was charged with dangerous driving after being involved in a collision at about 10 p.m. yesterday at the corner of 112 avenue and 82 street.

Driver of the other car, Metro Rydz of 1200-44 street, told the judge that Swiderski swung into 111 avenue and started to drive in the wrong lane.

Swiderski was fined \$20 and his license suspended for a period of six months.

**AND IN BRIEF**

## Six Month Jail Term Handed To Pseudo Clothes Salesman

A country man who claimed he was a clothing agent for an eastern firm was sentenced to six months in Fort Saskatchewan Jail yesterday on a charge of false pretence.

He was Joseph Langevin of no fixed address, found guilty of fraudulently obtaining \$50 from a country merchant last May.

Long service of four Edmonton mail clerks was recognized yesterday when they were tendered a colonial dinner at the Coona hotel. The dinner was arranged by the Railway Mail Clerks Association.

The four members, R. A. Taylor, W. S. Robertson, W. S. Jarvis and George Thomson were awarded life memberships in the association. J. D. Horsey made the awards.

Parades of the 44th Heavy Anti-Aircraft Workshop and 15th Anti-Aircraft Detachment, R.C.M.C., scheduled for tomorrow, are cancelled in view of Remembrance Day celebrations. Dance for members of both units and their friends will be held in No. 4 building at 9 p.m., Nov. 10.

## Hotel Employees Open Negotiations

420 Union Workers Seek  
Higher Wage, Less Hours

Cancellation proceedings opened today between 420 Edmonton hotel employees of hotel service unions and employers over new wage and working-hour agreements.

Blake Dagg, Provincial Department of Industry and Labor inspector, has been appointed conciliator.

Twenty Edmonton hotels and two service clubs are involved in the dispute.

Two local unions, International Hotel Service Workers No. 308 and Beverage Dispensers No. 579, are seeking a 40-hour week.

Wage increases averaging seven cents an hour throughout are sought with no reduction in take-home pay for the shorter working week.

**OTHER DEMANDS**  
Other union demands evoke labor organizing committee, consisting of Reinhold Christiansen, Fred Babish and W. Robinson.

Officials involved said they had no idea how long conciliation negotiations would be carried on.

Joseph Cherrington, business agent for the two unions, heads the labor negotiating committee, consisting of Reinhold Christiansen, Fred Babish and W. Robinson.

Employees were willing to sign agreements for another year under the same conditions as prevailed under the last working agreement.

Government conciliation was sought after hotel proprietors refused to accede to any of the union demands.

Employers were willing to sign agreements for another year under the same conditions as prevailed under the last working agreement.

THE HOULIHANS

... Fond embrace.

## 43 Years on Train Ends With Big Kiss

Tom Houlihan walked right smack into a kiss last night. It was a mighty important kiss. Tom Houlihan had worked 43 years for it.

And Mrs. Mrs. Houlihan thought it "one of the greatest moments" of her life.

It was quite a moment for Mr. Houlihan, too, for that kiss made his retirement from the Canadian National Railway official.

There was quite a crowd on hand at the CNR depot when the conductor stepped down for the last time from his Transcontinental No. 2 from Blue River, B.C.

CNR officials, friends and two sons, Cecil and Robert, joined Mrs. Houlihan in congratulating the man who had completed 43 years as a railroader in Canada.

And there were more well-wishers waiting at the Houlihan home, 1208 122 street, where the Irish conductor will spend a lot of time from now on doing just nothing.

Tom Houlihan came to Canada in 1906 from County Clare in Munster, Ireland.

In 1906 he joined the CPR at Port William, going over to the Grand Trunk Pacific (now the CNR) the following year at Port Arthur.

He was posted to Edmonton in 1909 and has been on the west run Blue River since 1942.

Presenting him from the same unit were: S/Sgt. F. A. Chapman, Sgt. H. G. Leach, Sgt. A. M. Reid, Cpl. A. Costello, Cpl. J. D. Woodrow and Pte. G. E. Fitzgerald.

Surviving are his widow and one child, at present residing at Markerville, Alta.

**Clearing House**  
Edmonton clearing house figures for the week ending Wednesday totaled \$2,376,632. This is an increase of \$334,478 over clearing for the corresponding week last year.

**Warehousing Here Swells Building**  
City building permits today totaled the 487 million mark, when a \$100 permit was issued to C. W. Boon and Co. Ltd. for an office and warehouse building.

Architect for the 50 by 100 foot building at 1018-106 street is Neil C. McKernan, and Prushan Construction the contractor.

## Not Alberta's Business?

It is difficult to believe that Premier Ernest C. Manning is serious in his contention that rent control is entirely a matter for "national concern" and not for "local consideration."

Surely the premier does not mean to say that the technical aspects of constitutional priorities take precedence over the distress of families squeezed between the economic millstones of high prices.

It is true that economic controls are basically and constitutionally the prerogative of the federal government.

But it is equally basic and constitutional for the federal government to delegate its powers.

Therefore, when Ottawa offers to each province the right to regulate rentals within its borders, provincial control of rentals becomes as constitutionally correct as though it were written in the British North America Act.

Premier Manning's reluctance to announce a provincial policy on rent control is indefensible, therefore, in point of constitutional law.

It is indefensible in point of humanity. For surely it is the duty of any provincial government to relieve distress among its constituents wherever it is economically possible, without regard to steps taken in other provinces.

In other words, Albertans should not be expected to suffer from excessive rents merely because the people of British Columbia, for instance, are permitted to do so.

Premier Manning's reluctance to announce a provincial rent control policy is also indefensible in point of experience.

The federal government, in suggesting that the provinces assume this control, has pointed out quite properly that an overall federal control may work injustices for the reason that housing conditions differ widely in various sections of Canada.

In Montreal and Vancouver, for example, the housing shortage is said to have abated. In Toronto and Edmonton it remains acute.

Therefore it seems reasonable to assume that sectional or provincial controls, based on the basis of local conditions, will fill the bill more happily than any blanket federal control.

From this viewpoint, rent control is very obviously a matter for local consideration.

It is much easier for a province, with its smaller population, to fix upon a formula which will accord full justice to both the landlords and tenants than it would be for the federal government to establish such a formula to accord justice under a multitude of differing conditions across the whole Dominion.

Legally, morally and in the light of all known fact, Premier Manning is under an obligation to state plainly what the province of Alberta proposes to do about rent control here.

## Junior Chamber Seeks To Expand

The Junior Chamber of Commerce is one of Edmonton's most useful institutions.

For that reason its current campaign to increase its membership should have wide and enthusiastic response among the young businessmen of this city.

The Junior Chamber, sponsoring a multitude of worthwhile campaigns for the community, has definitely promoted the growth and prosperity of Edmonton.

To join the Junior Chamber, therefore, is to strengthen the efforts of an organization devoted successfully to promoting the welfare of the city.

A stronger Junior Chamber means a more prosperous city. It means greater

prosperity for every resident of the city.

But while membership in the Junior Chamber gives each young man an opportunity to serve his community, it also gives him an opportunity to better himself.

The Junior Chamber offers unrivaled opportunities for the development of talent in use in public life.

Its activities are so multitudinous in number and character that young men of every type may find an outlet for their own peculiar brand of energy and the desire for the exercise of their own peculiar kind of enterprise.

This campaign for membership deserves the support of every Edmontonian. It is the consideration of every Edmontonian man.

## Bail System Should Be Revised

The public has been warned by Mr. Justice C. J. Ford about the danger inherent in putting up bail bonds for friends who fall foul of the law.

This common sense advice arises from a case in which a local man posted a \$5,000 bail bond for an acquaintance, who so far has failed to appear for trial. Counsel for the bondman has asked the court to forfeit his client will be ruined if the bail is forfeited.

Of course, it seems to be obvious that no man should post bail for a friend unless he can afford to lose it. Such a course may be evidence of a touching faith, but not of much experience.

On the other hand, courts should demonstrate a more lively reluctance to accept bail bonds from people who are not in a position to afford such a risk.

It is all very well for a kindly individual

to thus come to the rescue of a friend. But the courts, with more experience, should take steps to protect these benefactors from their own sympathies.

The issue is that there are professional bondmen and bonding companies which will post bail for accused persons for a fairly reasonable fee.

These persons and institutions usually have resources for running down defaulters. Their percentage of loss is very low.

The private bondman, therefore, does not fit properly into the bail picture at all. His position in judicial procedure should be revised.

If some kind person wants to assist a friend in trouble, let him offer to pay the fee of a professional bondman and write the bail bond.

In that case and under no circumstance can anyone be hurt very much.

By Harold L. Weir

## ODDS AND ENDS

## Best Part of a Journey Is Coming Home Again

In one of his inimitable essays, the late G. R. Chesterman tells us of packing his bags to make a journey.

In the middle of this process of packing, a friend walked in on him and wanted to know where he was going.

Chesterman said he was going to Bloomington.

This struck the friend as odd because Chesterman was already in Bloomington, in fact Bloomington was where he lived.

So the greatest anxiety of his century laid aside his packing with a sigh and set down and explained to his friend that the real destination of any journey is the starting point.

In other words, one travels, not so much for the delight of seeing new things and people, as for the joy of returning home again.

Home is the true destination of any journey.

I have always recalled in that thought because it is so essentially true.

The best part of going away is coming back.

Loved Objects

For not quite a month I have been travelling about in Eastern Canada and on the eastern seaboard of the United States.

While with complicated time-tables, cursing delayed arrivals, quarrelling violently with expensive New York taxi drivers and absorbing thousands of new impressions by day and by night.

And yet the most refreshing moment of the entire journey was when I stepped off a train in Edmonton at the early hour of nine the other morning, a moment of ill-disposed and nursing

violent cold, and tumbled off to my home to touch the old familiar things and move among the old familiar people.

I am a little sick, like most people, I am a little silly about my own things.

At any rate, that was by far the most charming moment when I stepped out of my own front door and sat in my own bed-room and changed and changed into my own clothes and changed into my own family and changed into my own life.

It was pleasant to find, sitting there, of the things I had done and the things I had lived.

But it was more pleasant to reflect that all these things had led, at last, back to my own front door and sat in my own bed-room and changed and changed into my own clothes and changed into my own family and changed into my own life.

It was pleasant to find, sitting there, of the things I had done and the things I had lived.

But it was more pleasant to reflect that all these things had led, at last, back to my own front door and sat in my own bed-room and changed and changed into my own clothes and changed into my own family and changed into my own life.

It was pleasant to find, sitting there, of the things I had done and the things I had lived.

But it was more pleasant to reflect that all these things had led, at last, back to my own front door and sat in my own bed-room and changed and changed into my own clothes and changed into my own family and changed into my own life.

## How to Torture Your Wife

By Webster

THE WOMAN WHO HEARS HER HUSBAND TELL A STORY OF THE RADIO AND IS UNABLE TO INTERRUPT AND SPRING THE POINT BEFORE HE REACHES IT

## Letters to the Editor

### Mural Contest

Editor, Bulletin.—We wish to take this opportunity of thanking you and your paper for the publicity given to our mural contest which has just closed. We will be interested in knowing that we had a very fine response.

The judge of the contest was chosen as the winner by a committee of three, headed by Professor H. G. Gidde of the art department of the University of Alberta.

Thanking you once again, we do hope you will visit the CNIB building and see the mural. The hope of completion will be made known through the press.

ANNA PODERSKY, President, Council of Jewish Women.

1045-13 St. Street, Edmonton.

Italian Listeners

Editor, Bulletin.—In the eleven months during which the CBC International Service has been sending shortwave programs to Italy, it has received hundreds of letters from Italian listeners.

Quite a few of the listeners who write these letters say that they would like to correspond with Canadian, some in French, some in English.

If those of your readers wishing to exchange letters with an Italian listener, please write to me. I shall be pleased to supply them with several names and addresses.

RALPH MARVEN, International Service, CBC, Box 180, Montreal, Que.

Brickbats For Barbara Ann

Editor, Bulletin.—I know a lot of people who are disappointed in the conduct of Miss Barbara Ann, who has been called a "penny ante" in the West.

The city of Edmonton and public have been greatly disappointed in the conduct of Miss Barbara Ann, who has been called a "penny ante" in the West.

which in a few more years will be just as good as any in the world, surely the places where she is to appear could not be that bad, for her to plead sickness to stay away from the stage.

While in Calgary Miss Scott pleaded some other illness. We have not yet to come across a fellow around here that can do a walk decently, for instance, they can't even do that properly.

By before you get criticizing girls for sometimes taking the lead, you are criticizing them for moving into lead properly instead. It would add to everybody's pleasure if you could find a girl that can dance perfectly in such unusual circumstances.

From what experts say, I understand that men are unappreciative of the leading and the pace for dancing. (Although they have fooled me, if they were to judge by some of the dancing I have seen.) The same applies to the dancing distance, as well as the way the

free arms are held. Isn't it the man that does the holding in both cases? Judging by the way you complain about "girls holding their arms straight out, one might think it wasn't!

I have never taken rhumba, tango, fox, or any other kind of dancing lesson, and my dancing is far from perfect. However, most of the time I manage to keep up with whatever steps my partner chooses to try.

Even if he knows what he is doing. What I'd like to know is why aren't those men that do know what they're doing—those who are called "professionals"—being put to work on the RCAF and through there was one I did not satisfy me, I would therefore like to say a few words to Mr. Bennett.

It seems to me that it is no wonder you are unable to find a girl that can dance properly, as from your letter I see that you are looking for a girl that can dance perfectly in such unusual circumstances.

From what experts say, I understand that men are unappreciative of the leading and the pace for dancing. (Although they have fooled me, if they were to judge by some of the dancing I have seen.) The same applies to the dancing distance, as well as the way the

free arms are held. Isn't it the man that does the holding in both cases? Judging by the way you complain about "girls holding their arms straight out, one might think it wasn't!

I have never taken rhumba, tango, fox, or any other kind of dancing lesson, and my dancing is far from perfect. However, most of the time I manage to keep up with whatever steps my partner chooses to try.

# Debate End Finds Tories All Away

Drew's Whips Hear Game But Miss Vote On Budget

By Robert W. Roford

OTTAWA, Nov. 10.—(RUP)—The end of the budget debate, expected by even government supporters to last another week or more, came swiftly and unexpectedly. It fell flatter than water on a plain.

The wind-up came so fast that, in the words of one Liberal member, it caught the "entire opposition with their political pants down."

Government followers were still chuckling today at the way it ended last night. They had been expecting opposition members to take full advantage of the budget debate to hammer government policies on rent controls, alleged over-inflation and the second-hand cost of living.

VOICE OF DEBATE ONLY

End of the debate came so suddenly no recorded vote was taken, either on the opposition's traditional motion of non-confidence, or on the government's main budget motion.

Only two reporters, representing two national wire services, were in the chamber when T. J. Kirkham (L.-King) finished his part in the debate. Several MPs were supposed to follow him but none rose.

Government house leader Arthur Meighen, minister of public works, started calling "question, question" when he noted opposition benches were practically empty. Deputy Speaker J. A. Dineen had no recourse but to put the question.

NON-CONFIDENCE LOST

First he asked, in effect, if the House supported the P. C. motion of non-confidence. It expressed want of confidence in the government and asked for an empire parlay on trade.

There were enough Liberals in the chamber to shoot it down by a vote of "yeas" and "nays." Then Dion asked approval of the motion on the budget which proposed the chamber go into committee of ways and means to pass all tax changes in the budget.

That, too, was carried by a simple voice vote. On both motions the opposition made no move to force a recorded vote. Most of which there were a mere handful in the chamber—appeared stunned at the quick ending of the debate.

80 MPS PRESENT

There were some 80 of the 262.

## EFFICIENCY PLUS—PLUS?

LONDON, Nov. 10.—(AP)—The London Business Efficiency Exhibition, showing off official budgets for business, was late getting started yesterday.

Twice during Chairman W. G. Lantley's opening address, the amplifying system broke down.

members in their seats at the time. About 60 were Liberals. P. C. Leader George Drew was not in his place when the end came, but he rushed in shortly after Deputy Speaker Dion had declared the opposition amendment lost.

It was learned Drew had intended to speak for at least 45 minutes on rent controls and the government's alleged mismanagement of prosecution against combines in the bread industry.

But it was also learned, his party's House strategists—reportedly listening to a Montreal Acoustic-Clava Rough Riders football play-off had neglected to tip him off.

The result was that Drew—and many other opposition big guns, it was admitted—were absent when the budget debate petered out like a wet cloth.

## Go Slow Strike Planned In U.K.

LONDON, Nov. 10.—(Reuters)—Britain's 11,000 "spider men," whose job of erecting the steel framework of new buildings is considered the most dangerous in industry, are to "go slow" in support of higher wage claims.

The Construction Engineering Union told them yesterday they are to adhere strictly to official safety regulations, which they normally ignore in the interests of speed.

## Hospital Rejected At 'Bridge'

LETHBRIDGE, Nov. 10.—(CP)—Voters firmly rejected efforts to establish a Lethbridge municipal hospital district scheme when they went to the polls in a plebiscite. Wednesday and refused to give the scheme the required two-thirds majority needed for ratification.

Of an estimated 27,000 eligible voters, 4,800 marked ballots in the plebiscite. Only 2,868 favored the scheme which has produced much controversy in this area for months. A total of 1,971 voted against the scheme, and 84 spoiled their ballots.

These figures had been compiled when returns were lacking from only one small poll.

To be ratified by voters, the scheme required at least twice as many favorable votes as the number of negative votes cast.

Supported by an overwhelming majority in rural areas about Lethbridge, the scheme was decisively rejected in the city. Exclusive of the mining poll, 1,471 rural voters favored the scheme and 496 opposed it. In the city, 1,297 favored it and 4,800 opposed it.

## Father Jailed For Wounding Two Daughters

TORONTO, Nov. 10.—(CP)—George Cooper, 32-year-old father of seven, yesterday was sentenced to one year in jail for unlawfully wounding his two daughters. Pellets from a shot he fired through the window of his father-in-law's home last spring struck his children, Cynthia, eight months, and 15-year-old Constance. He had been charged with the attempted murder of his 41-year-old wife, Eva, and the two girls.

## Tito Soft Pedals Rough Treatment

BELGRADE, Yugoslavia, Nov. 10.—(UPI)—Marshal Tito has warned state employees not to be "rough" or "harsh" in interpreting the country's laws, it was disclosed today.

Tito was reported to have told a delegation of the Congress of State Employees: "The most important thing is that the laws be strictly respected, but being severe does not mean being rough—this results only in damage."

EDMONTON BULLETIN, Thursday, Nov. 10, 1949

## Directors Re-Elected By Grain Growers

WINNIPEG, Nov. 10.—(CP)—United Grain Growers' Ltd. yesterday re-elected four retiring directors for a three-year term.

They are J. J. Macdonald, Portage la Prairie, Alta.; S. S. Veen, Nanton, Alta.; H. W. Allen, station, Alta.; and E. Shann, Grandin, Sask.

About 300 farmer-delegates, representing 42,000 shareholders, attended the annual meeting.

England's Red Flag Act, which required all self-propelled vehicles to be preceded by a man carrying a red flag, limiting speeds to four miles was not repealed until 1895.

SCROLL honoring ex-mayor Harry D. Ainlay was presented one day recently by Kiwanis Club of Edmonton in appreciation of work done by former mayor. Mr. Ainlay leaves this week to take up residence in Haney, B.C. He served two terms as mayor here until retirement early this month.

## Federal School Aid Urged By Blackmore

OTTAWA, Nov. 10.—(CP)—The government should make grants to the provinces to enable them to provide equality of educational opportunities for all children, John Blackmore (S.C.-Lethbridge) told Commons yesterday.

He quoted figures showing a wide divergence of expenditure on education in the various provinces.

In his own constituency, schools were overcrowded because of a large influx of displaced persons and of Japanese "dumped in" from British Columbia.

He had great respect for both groups but the overcrowding they caused in the schools was due to federal government policies, about which the Alberta government could do nothing.

Mr. Blackmore said Canada paid more to keep a man in jail than it paid some teachers.

The heavy responsibility placed on the provinces by the constitution prevented them from providing all the monies needed to provide equality of opportunity for children in the field of education.

Mr. Blackmore said the provinces are doing the best they can with inadequate means. The results were far short of the educational entitlements of children. The only solution was in federal aid to education. Such aid should be given without "strings" so that each province could use its grants in any way it saw fit.

Bunvan Slept Here

BEDFORD, England.—(CP)—Bedford falls records for 1968 and 1972 showing the name of John Bunvan were presented to Bedfordshire County Council.

## TOO BOORISH FOR WORDS...

LONDON, Nov. 10.—(CP)—Permission has been given by the board of Trade for manufacture of utility dinner suits for men—price £10 (\$21).

At present, the cheapest dinner suit available costs £15. Savile Row prices range from £45 upwards.

Opinion of the secretary of the Bespoke Tailors' Guild: "Any man who wears one of the utility suits should be run in."

## Hat Irrigation To Be Extended

MEDICINE HAT, Alta., Nov. 10.—(RUP)—The Canada Land and Irrigation company will be taken over by the federal government at the end of the year. D. W. Hays yesterday told the Chamber of Commerce here. The government accepted a company offer of \$2,250,000.

Under federal supervision the project likely will be extended within two years to bring 225,000 additional acres under ditch. Within that time the 260-mile main canal will be extended to the northern outskirts of Medicine Hat.

# Teacher's Certificate To Change

Special To The Bulletin  
CALGARY, Nov. 10.—Two years minimum training for Alberta teachers is being planned, W. E. Frame, chief superintendent for Alberta schools told Alberta teachers yesterday.

## PROPOSALS MADE

A board studying the question is prepared to make these recommendations:

Upon completion of two years' training a teacher would receive a standard E certificate authorizing teaching in grades one to nine.

Upon completion of two years training in secondary grade schools, teacher would get a certificate, to be known as grades four to 11.

Three years training in elementary or high school would result in a professional certificate good for teaching grades one to 12.

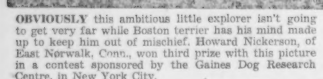

One group would be no more important than the other, he said. A standard E certificate would only mean the holder could specialize in the secondary field.

To meet problems of the present teacher shortage, Mr. Frame said, the board would recommend that a teacher who completes one year of the Bachelor of Education course be given a licence good for two years, authorizing teaching in the first nine grades.

The proposed system would not be universal until holders of present certificates were for one reason or another no longer in the profession, he said.

**Fees \$13,000,000 For 3 Years' Radio**  
OTTAWA, Nov. 10.—(CP)—Canadian radio owners strolled out more than \$13,000,000 in radio licences during the last three years. Transport Minister Chretien disclosed yesterday in Commons. The fee is \$2.50 yearly.

The plans plant is not native to Central and South America but was transplanted from Asia.

# Married 59 Women, Wilts At Prison Term

CHICAGO, Nov. 10.—(UP)—Love swindler Sigmund (Sam) Engel, 74, brooded today over the possibility that he may never again hear the thrilled laughter and sighs of a woman in love with him.

He was sentenced yesterday to a prison term of not less than two years and not more than 10 on charges of luring a Chicago widow, Mrs. Rosetta Corrigan, out of her life savings.

The aged Romeo blustered that he would appeal the sentence, but deep inside he apparently knew he was a beaten old man.

Gone was the debonair manner, the untouchable charm he used on a thousand and one women on two continents.

Gone was the well-dressed front, the gilt tongue that led him to boast that he took "five or six million" from wealthy women he wooed by posing as a multi-millionaire.

His dreams of a career on the stage, in movies, radio and television, were blasted by the sentence.

His attorney pleaded that "any sentence will be a death sentence." But Criminal Judge George M. Jary had converted Engel of free-lance, Mrs. Corrigan, net of \$80,000 after promising to marry her, and four women had testified at his trial that he had seduced them.

Police estimated that he probably married 59 women in four decades of exploiting them, and took in some \$2,000,000.

Engel himself said there were too many millions and too many women to count.

Prison would not be new to Engel. He has spent 12 years and 10 months in penitentiaries alone, not counting time in city jails.

# Canada Rich, Boston Told

BOSTON, Nov. 10.—(Special)—Canada prodigious resources and the opportunity they offer to people and investments were emphasized here to the New England Railroad Club by N. R. Crump, vice-president of Canadian Pacific Railway.

Canada's Leduc oil field with known reserves of 200,000,000 barrels and the field at Athabasca with an estimated 300,000,000 barrels in reserve, alone make Canada self-sustaining in petroleum products.

Mr. Crump told the 400 members.

There are now 90 oil companies exploring Canada's prairie provinces and 50 of them are U.S. corporations. A pipe line has been started from Edmonton to Regina and will extend to Superior, Wis.

Mr. Crump spoke from in front of a huge floodlight map illustrating Canada's size. He emphasized the progress 13,500,000 Canadians are making in developing this 3,500,000 square miles of territory.

This is 1-10th of the world's area and though Canadians represent but 1-10th of the world's population, Mr. Crump said, Canada is first in export of raw materials, newsprint production, nickel, asbestos and platinum, second in woodpulp, fourth exports, gold, aluminum and zinc, third in copper and fourth in lead, silver, wheat and magnesium.

Mineral production is increasing swiftly in many parts of Canada and, with important oil discoveries in western Canada, the stage is set for a promising future, Mr. Crump said.

# Bottle Brings Lighthouse Aid But Man Dead

PORT ARTHUR, Nov. 10.—(CP)—Harry O'Connor, whose body was found by police in Marathon lighthouse Sunday, was alone and marooned at his post more than seven days while he lay dying.

James Graham, transport official said today.

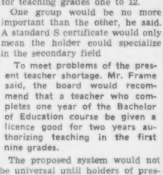

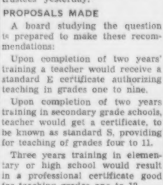

First indication of O'Connor's illness came through the disaster finding of a floating bottle near Marathon Monday. A note inside the bottle said:

"Come and get me first chance... I'm... almost dead." It was dated Oct. 31.

# Immigration Shows Marked Decline

OTTAWA, Nov. 10.—(CP)—The flow of immigrants into Canada dropped sharply during the month period ended Sept. 30 this year, the Department of Mines and Resources said yesterday.

The Department said 32,084 persons came to Canada, down 22.4 per cent from the same period last year.

## YOUR STORE

101 Street at 102 Avenue—Store Hours: 9:30 a.m. to 6:30 p.m.

# Comedy Feature Shows At Capitol

**'I Was A Male War Bride'**  
Stars Grant and Sheridan

Heretofore as one of the funniest pictures of this year is "I Was A Male War Bride," which opens tomorrow at the Capitol theatre.

Story involves a WAC lieutenant, played by Ann Sheridan, who falls in love with a captain in the French Economic Commission (Cary Grant).

In order to marry they must have military consent. This is obtained only after infatigable red tape has been unwound.

But the pair then discovers their troubles have only begun. Immediately after the ceremony, Miss Sheridan is ordered to report for embarkation to the U.S.

Grant's attempt to accompany her, disguised as a war bride, proves unsuccessful.

Clutching tightly the \$2,000 to \$3,000-a-year movie contract approved for her by Los Angeles superior court is actress Mary Jane Skanderson, age 7. Child star featured with Bob Hope in "Surrealistic Jokes," "Little Miss Marker" role that started Shirley Temple on road to fame.

**Change Of Oceans**  
MONTREAL, Nov. 19.—(CP)—The Empress of Scotland, pre-war flagship of Canadian Pacific Steamship's Pacific fleet, will enter the company's trans-Atlantic service next May after completion of a two-year reconstruction program in a Scottish shipyard, it was announced here today. It saw war service as a troopship.

**Russia Ready To Trade Blows**  
LAKE SUCCESS, N.Y., Nov. 18.—(UP)—Russia warned in the United Nations yesterday that she is ready to "trade blows for blows" in any war.

"There is no need for any war," Soviet delegate Anastas A. Gromyko told the general assembly's political committee in a debate about Libya. "We are well prepared to trade blows for blows."

The tough Soviet warning failed to sway the committee. It recommended that Libya be granted independence by Jan. 1, 1952, with the Security Council taking a hard hand in interim administration.

A total of 1,089,000 men in the British Empire force lost their lives in the First World War.

## Quiet Child Headed For Lot Of Trouble In Storage

Should Be Led Into More Active School Play, Trustees Are Told

By Ken Liddell

CALGARY, Nov. 10.—It is no use to have a quiet child around. But one who consistently stands alone in school corners is headed for trouble, Dr. R. R. Maclean, provincial health department, told Urban School Trustees convention yesterday.

Such children for their future safety should be led into school play and the matter taken up with the parents who will be unwittingly encouraging the child in its reticence, he said.

Likewise the aggressive child required tending down for future happiness. The school system also has responsibility to train backward children of limited intelligence in keeping with their ability.

He said some problem children have health backgrounds, poor teeth and bad tonsils that sap vitality. Unfortunately nurses do not have sufficient authority to make complete examinations. Consequently clinics should be another defence.

Some parents blame teachers for lack of progress of a child when often the child is hampered by the parent continually ham-

## Less Wheat In Storage

OTTAWA, Nov. 10.—(CUP)—The supply of wheat in Canadian terminals is down this year—but not by very much. And the shipments of wheat overseas have so far shown a big jump over the figures for the same time last year.

This news has come out in the latest report from the Dominion Bureau of Statistics on stock and marketing of wheat and cereals in Canada.

The report says that stocks of wheat, in storage or in transit, amounted to 178,800,000 bushels on October 27. On the corresponding date last year, the figure was just 1,000,000 bushels more.

The ideal way to reach everybody who needs the information about child guidance, he said, would be through short subjects shown between features in theatres.

## Calgary Pays Family \$25,000 In Death

CALGARY, Nov. 10.—(CUP)—Mr. Justice C. C. McLaughlin yesterday approved payment of \$25,000 to the City of Calgary to the Arthur Wood family of Pincher Creek, Alta., for injuries suffered in a Calgary traffic accident, August, 1948.

The out-of-court settlement was for a \$100,700 claim by the Wood family.

## WHAT FINE PRINT!

### Insurance Paid Before Company Read Policy

SASKATOON, Nov. 10.—(CUP) Everybody's heard the story about the man who signed the insurance contract before reading the fine print.

But who heard about the insurance company which paid the claim before it read the fine print? That's what happened to the Saskatchewan government insurance company.

The College Board was notified that the insurance company, with which it had taken out a \$1,000 burglary policy about a year ago, had just discovered a new clause.

The \$1,000 contract had been signed by the board, believing it was insured up to \$1,000 on theft loss in each high school. Examination of the fine print revealed that a co-insurance clause, included in the contract, stated that the board must be insured up to 85 per cent of all equipment counting to about \$100,000.

The board was actually insured for something less than one per cent.

Meanwhile, although paying only one yearly \$10 premium since the contract was established, the board has collected over \$200, or 20 times that much in claims.

## Dirty Deal Is Given Canada In Trade, Briton Charges

MANCHESTER, England, Nov. 10.—(CP)—Industrialist Sir Harry Gilpin, head of a recent British engineering mission to Canada, today described Food Minister John Strachan as "an amateur provision merchant."

He told a meeting of engineers and industrialists that Strachan's attitude to Canada has been as cold as a prairie winter. "His relations with Canadian ministers have been notoriously unfortunate and he talks of deals he has made with third-world enemies as if it was something to be proud of."

Sir Harry, urging increased exports to Canada, said "it is a great satisfaction to work with the president of the board of trade (Harold Wilson) and the minister of supply (George Strauss) on a task of transcending party divisions. I wish to God they could impart some of their knowledge and enthusiasm to the minister of food."

Sir Harry said if reports were true, deals have been made with alien countries at prices higher

## 70,000 Watch Scots Nip Wales

GLASGOW, Nov. 10.—(Reuters)—Scotland, spurred by a home crowd of 70,000 at Hampden Park, yesterday scored a workmanlike 2-0 victory over Wales in a semi-final match in the qualifying tournament for the world cup games at Brazil next year.

England meets Ireland next week and winner plays Scotland in the British Isles final next to go to Brazil.

## Five Years For Drugs

CALGARY, Nov. 10.—(BUP)—A 30-year-old father of two young children has been found guilty and sentenced on a charge of unlawfully possessing drugs.

Louis Leroux was sentenced to four years' imprisonment and fined \$500 by Chief Justice W. R. Howson yesterday.

## Scientists Probe Antarctic Riddle

### Two-Year Expedition Hopes To Prove World Is Warming

By Paul F. Ellis  
United Press Science Editor

NEW YORK, Nov. 10.—(UP)—An international scientific team will soon leave for the South Polar region to seek evidence that the world is warming up.

The scientists include experts from Norway, Britain and Sweden and a geologist who has just finished a postgraduate course at Princeton university. He is Dr. F. R. Meade.

Their goal is an "invasion" of Queen Maud Land in the Antarctic, where no human has ever set foot. Previous attempts have failed because of blizzards.

The new expedition will go in two ships, one a whaling factory ship from Oslo, and the other a

to cross the great ice-cap of Queen Maud Land, with its deep and dangerous crevasses previously sighted by air.

In recent years, scientists have offered theories that the world is warming up and the expedition believes the answer will be found in Antarctica. Some scientists, including Prof. Hans Ahlmann, a member of the new expedition, have collected evidence that the climate of the Arctic and sub-Arctic is becoming more bearable for man.

#### URANIUM ORE?

The scientists also seek to bring back collections of ores and rocks from Queen Maud Land, and, although they are not on a hunt for uranium, they believe "surprises" may be in store for them.

The Swedish section is in charge of glacial work, the Norwegian, meteorology and the British geology. The expedition is to be away two years.

Eventually, the 14 scientists hope

## YOUNG ERIN HAS HEART OF COWBOY

CALGARY, Nov. 10.—(CP)—The land of the shamrock isn't noted for its cowboys. But one eight-year-old Belfast boy has his heart set on being a two-gun son of Erin.

Sheriff W. K. Jull of Calgary yesterday received this request in a letter:

Would it be possible for you to send my small brother, who is eight and often plays cowboys, a cowboy outfit. Mummy couldn't get one here. If you could please send one we would send whatever you would like from her in return.

Court employees started a fund to fulfill the request.

## Canada's Help In Atom Work Is Recognized

SEATTLE, Wash., Nov. 10.—(AP)—Rep. Jackson (D-Wash.) told the Seattle Bar Association yesterday the U.S. should return to wartime co-operation in atomic research with Great Britain and Canada.

He said a third of the scientists at Los Alamos, N.M., during the war came from Great Britain and Canada.

"Since the war, we have cut ourselves off from the British and Canadian scientists who contributed so much to the discovery of the bomb," Jackson said.

The art of making glass bottles and drinking glasses was known to the Romans at the time of Christ.

**LUCKY LOGGER** is Albert Bettis, 39, who managed to reach safety after suffering broken leg while working alone on East Furrow Island in B.C. Bettis, shown in Lourdes Hospital, Campbell River, with his wife, crawled almost a mile through dense bush, rowed in skiff to gabarit and then piloted craft four miles to Shoal Bay. He was given medical treatment there, then flown to Campbell River.

## Love-Sick Spinster's Family Sue Cleric For Her Estate

MINNEOLA, N.Y., Nov. 10.—(UP)—Heirs of a spinster church organist accused an episcopal minister today of "using love and sex in a shameless and vulgar way" to obtain a share of her \$300,000 estate.

## \$56 Million Fire Loss

LIVERPOOL, England, Nov. 10.—(UP)—A dockside warehouse blaze was reported under control today after raging for 24 hours and causing an estimated \$5,600,000 worth of damage to rubber stocks and other export goods.

Six fire brigades, some from districts 40 miles away, supported by a firefighting train and two fire ships, brought the fire under control after battling it since noon yesterday.

Molten rubber oozed from the three-story warehouse and covered the docksides under the firm's feet. Fourteen firemen were overcome or injured by falling debris and had to be taken to the hospital.

Thirty-two cranes each weighing two tons, stored on the warehouse roof crashed through the roof, damaging the dock and showering lumps of metal and burning timber on the firemen.

## Soviet Subs In Adriatic

LONDON, Nov. 10.—(AP)—A former foreign secretary warned today that Russian submarines have penetrated "to the very centre of the Mediterranean."

Vicount Templewood, who as Sir Samuel Hoare was Britain's foreign secretary in 1935, told the House of Lords Russia is busily making a submarine base on an Albanian island at the mouth of the Adriatic. He did not give his source for the information.

The first public grammar was built at Rome by the Emperor Nero.

## NUFFIELDS GET RECORD ORDER FROM CANADA

LONDON, Nov. 10.—(CP)—Nuffield Exports Limited announced yesterday receipt of a cable from Donald Harris, 303, the company's sales director, which said Canadian automobile distributors had placed orders for cars valued at \$2,250,000 (Cdn\$750,000), the largest single order ever received by Nuffields from the dollar area.

## Composite School Best

CALGARY, Nov. 10.—The composite-type of high school is the most suitable for Alberta, urban school trustees decided here.

They supported the view of R. S. Sheppard, superintendent of Edmonton public schools, that the composite school—with academic, technical and commercial departments—was the best type to meet the needs of both towns and cities in Alberta.

CALGARY, Nov. 10.—The trustees talked about caretakers. They found they were not only janitors but boiler inspectors and public relations officers, too, and decided to consider a school to improve their standing.

W. W. Buchart, architect and superintendent of school plants at Edmonton, and W. A. Branton, who holds a similar position in Calgary, were appointed a committee to consider the matter. The schools, one for the north and one for south, would be designed to acquaint caretakers with their duties.

In Japan, persons such as waiters and barbers, who render personal services, expect their tips to be enclosed in small tipping envelopes which are made for the purpose.

## Former Nazis Given Full Civil Rights

BERLIN, Nov. 10.—Reuters.—The East-German Parliament yesterday approved two bills removing full civil rights to former Nazis and German army officers, and granting an amnesty to prisoners serving terms of less than six months.

# Laprade Gives NY 2-2 Tie

Rangers Draw With Montreal; Hawks Win 3-1

NEW YORK, Nov. 10.—(CP)—Edgar Laprade's goal early in the third period ended New York Rangers to come from behind and tie Montreal Canadiens 2-2 last night before 13,417 fans, smallest crowd to watch a National Hockey League contest at Madison Square Garden this season.

In Boston, meanwhile, hard-driving Roy Conacher paced Chicago Black Hawks to a 3-1 victory over Boston Bruins before a selling 10,000 crowd at Boston Garden.

Conacher broke a 1-1 tie in the second period and more than settled matters early in the final by setting up a goal for Doug Bentley.

In the Rangers-Canadiens tussle, Montreal goals were scored by Maurice (The Rocket) Richard in the first period, each time with a Ranger in the penalty box. They were Richard, eighth and ninth of the season.

Richard's first marker came at 5:30, 15 seconds after Doug Bentley's goal. The Rocket's second goal, scored by a Ranger in the penalty box, came at 11:47.

Laprade notched his game-winning goal at 5:05 of the final period on a neat bit of stick-handling during a melee in front of the Montreal net.

Last night's contest was the 20th consecutive NHL game in which a Montreal player scored a goal.

First Period—Montreal, 1 goal; New York, 0. Second Period—Montreal, 1 goal; New York, 1 goal. Third Period—Montreal, 1 goal; New York, 1 goal.

Chicago 3, Boston 1. Goals: Chicago—Bentley, 1; Conacher, 1; Bentley, 1. Boston—Bentley, 1.

A PROBLEM Government Probes Junior Puck Status

The long arm of the provincial government may have found its way into the junior hockey game.

This was brought to light last night when it was alleged that government officials were in the audience of the New York Junior Hockey League game.

It was alleged that the government was interested in the game because of the large number of players who are getting paid for their services.

It was also alleged that the government was interested in the game because of the large number of players who are getting paid for their services.

It was also alleged that the government was interested in the game because of the large number of players who are getting paid for their services.

It was also alleged that the government was interested in the game because of the large number of players who are getting paid for their services.

It was also alleged that the government was interested in the game because of the large number of players who are getting paid for their services.

It was also alleged that the government was interested in the game because of the large number of players who are getting paid for their services.

It was also alleged that the government was interested in the game because of the large number of players who are getting paid for their services.

THIS TYPE of basketball isn't recommended in hockey games, but for Bruce (left) Colored Ghosts it works. Marvin Buckner (left) climbs over the Washington Redskins' shoulder and gets teammate to pass ball. Manoeuvre usually ends with Ghosts getting two points. They won last night, beating Varsity 47-38.

## Colored Ghosts Clown Way to Easy 47-38 Win

Varsity NO MATCH

And everybody riared with this. Buckner explains the clowning of the Ghosts at Varsity.

A near capacity house sat in for the principal as the victorious Colored Ghosts of Varsity Golden Bears 47-38. Ghosts took a 2-0 half-time lead and were content to let their antics sell them the rest of the way.

Attendance neared the thousand mark at 3:40. Buckner, captain of the Ghosts, led the team to a 2-0 half-time lead.

Buckner led the winners with 19 points, with teammate Bill McQuillan collecting 16. Al McLachlan's 19 points paced Bears, while Williams was next with eight.

Highlight of the evening was the Buckner's 100-yard dash. He ran the 100 yards in 1:10 and 200 yards in 2:20.

Effective positional play kept the Ghosts' defense tight. The team's defense was a model of efficiency.

Of Eggs And Squareheads

T. P. Gorman, the poor man's Shogun and Johnson, was the star of the evening. He was the star of the evening.

A full season yesterday gave Gorman a chance to show his stuff. He was the star of the evening.

He was the star of the evening. He was the star of the evening. He was the star of the evening.

He was the star of the evening. He was the star of the evening. He was the star of the evening.

He was the star of the evening. He was the star of the evening. He was the star of the evening.

# Acouettes Stun Ottawa Riders With 22-7 Upset

Roughies Behind 8-Ball; Filchock Throws 2 TD's

By W. H. Wheatley

MONTREAL, Nov. 10.—(CP)—Montreal Alouettes struck hard and often against the powerful Ottawa Riders yesterday and came out of the first of the two-game series with a 22-7 victory.

The 35-point lead that will be carried into the second game at Ottawa Saturday came as something of a surprise to a chilled crowd of 15,372.

Alouettes, driving hard and making few mistakes, did it the hard way. They spotted Ottawa a converted touchdown in the opening quarter and then came back in such convincing fashion that Riders took their first real treading of the year.

In the regular season Riders lost only one game and that was to Alouettes by a single point. On yesterday's play Montreal will easily rule favorites to take the series and the right to continue on toward the east-west Grey Cup final.

At game time, visitors were 7-5 favorites, but their defeat is expected to swing the odds well around in favor of Alouettes for Saturday's final game.

30-YARD PASS Howie Turner, playing his usual outfit game for Riders, missed an Ottawa drive in the first quarter with a 30-yard touchdown pass to Bob Palfraith. It was converted by Eric Chipper.

Frankie Filchock, an U.S. great, fired touchdown passes to Ralph Tooby and Tommy Manasterov for Alouettes. Glen Douglas and Bob Cunningham rounded out the Montreal majors.

Turner scored a single for Riders in the second quarter and Cleo McCance converted two of the Alouettes. Another attempt was blocked and a special was wasted on the series.

A fumble cost Ottawa the touchdown scored by Glen Douglas when he took a punt almost on his own goal line. Douglas scored the first drive against Ottawa's 17, gained 30 yards, on the ground against Riders' 20, 30 through the air against Riders' 20.

Alouettes attempted 17 passes, completed eight and having none intercepted. Riders fired 16, completed only five and had one intercepted.

Riders were still on the offensive in the second quarter until Bob Cunningham recovered a fumble. Filchock then fired a pass into Tooby's arms for a touchdown. Later in the quarter Turner boosted Ottawa again to keep Riders in the lead.

But Alouettes took over the lead on a fumble touchdown after Karpuk's fumble and never relinquished it.

Running plays by Festeraga and Manasterov, and Filchock's pass to Chuck Anderson put Alouettes in position for their third touchdown at the Ottawa nine-yard line. Filchock whipped a pass for the left to Manasterov, who went over.

An Ottawa fumble late in the third quarter made Alouettes' chance again. Cunningham, helped by good blocking, sprinted around the end for the final margin.

BARE FACTS SHOW BEAR 1-IN-HUNDRED

JUNEAU, Alaska, Nov. 10.—(AP)—Judge George W. Fella, hereabouts considered an authority on hunting, has always maintained that 99 times out of 100 a bear will run when a human shows it.

Back from a hunting trip Tuesday Fella told of a big she-bear which came out of the brush toward him. Remembering his "law", the judge yelled. The bear rushed toward him.

When the animal was only 10 feet away, Fella fired once and the bear fell dead at his feet.

"It was a lucky shot and if it hadn't been good, I guess I wouldn't be telling about it," Fella declared. Then he mused:

"Wonder if that law's no good now—If I got the 100th bear."

12 EDMONTON BULLETIN, Thursday, Nov. 10, 1949

POPULAR STU Hart of Edmonton will attempt to stop Stan Dusek, above, in semi-windup of wrestling card at Stock Pavilion next Tuesday night. Dusek already holds decision over Hart, emerging triumphant in tag team match. Main event next week has Cardiff Giant meeting Pistol Pete Mangoff.

Deserve seats for Nevada Stadium, which normally seats about 5,000, were sold out early Tuesday, McGill said, and several thousand raw tickets have been added since. We would not give an approximate figure on that.

Last year, it is similar Western Interprovincial football union playoff teams. Issues fans were packed into the stadium. Since then seating accommodation has been added for 4,000 fans.

The game in many ways is a repetition of last year's first Stampeder last year also met Riders in the WIFU playoff, final game in Regina, ending in a 14 tie in the second round.

Stampede won 17-6 for first Western Union title in 37 years. Last year's game was also played in Calgary and on the same Memorial Day date.

Stampede however got into the second game of the two-game total-point series with a 31-point lead. Stampede won 17-6 victory at Regina Stadium.

A key figure in Stampede's victory last year was quarterback Keith Smith and pass-receiver Woody Strode. Smith's passes and the receiving of Strode and newcomer Sugarfoot Anderson again are considered the major punch in the Stampede offense.

Coches Les Lear put his charges, including injury-recovered Fullback Paul Brown and place-kicker Vern Gorman, through their second, workout yesterday. They'll wind up practice with a light scrimmage today.

Game-time has been advanced a half hour to 2 p.m. MST to avoid darkness.

Hode Springs . . . LONDON, Nov. 10.—(AP)—British women tennis players defeated 13 consecutive times by the Americans, will play the women's tennis team in the Wimbledon Cup matches at Wimbledon, June 16-17.

# One A Week Dead In October Traffic

## Safety Drive Seeks Elimination Of Traffic Hazards Here

Four persons were killed in traffic accidents here last month and 20 have lost their lives in street collisions since the beginning of the year. Missing traffic deaths tell us that the number of fatalities in the city police traffic department. Meanwhile, Edmonton Traffic Council is seeking funds in an effort to cut down traffic deaths through an educational program. The non-profit organization is completing for \$15,000 to carry on its work during the next year. With the help of the Junior High League, canvass will be made of all Edmonton business firms. Individuals can help by becoming members of the Safety Council. Membership cards are 5¢ and can be obtained at Council headquarters in the Alberta Jasper Building, Jasper Avenue. Deaths toll from traffic accidents has mounted as the number of cars in operation in Edmonton has increased from only 12,375 in 1937 to nearly 20,000 this year.

### UP THIS YEAR

In 1946 traffic deaths numbered 22. In 1947, 20. In 1948, the toll dropped to 15, the lowest year since 1937, but this year with more than a month to go before the end of 1949, 18 people have died in traffic collisions here.

During the four fatalities reported in the last month, 10 persons were injured and 100 persons were arrested as a result of street accidents. Three manslaughter charges were laid in connection with the deaths of three persons. Five persons were arrested and 64 others appeared in court on speeding charges after being stopped.

During the month 449 traffic tickets—on average of 177 per day—were issued. Of these, 2405 were for parking meter violations.

### Deaths Yesterday

By The Press  
CLEVELAND—Hazel Weisman, 58, chief editorial writer of the Cleveland Plain Dealer.

NEW YORK—William M. Scharf, 71, lawyer and writer, famed investigator of corruption in New York City during the early 20s.

MONTREAL—Nahin Siry, 40, prominent in Montreal's trade.

QUEBEC—M. R. A. Beault, wife of the clerk of the Quebec legislative council and daughter of former Premier L. A. Taschereau.

TORONTO—Col. Edward Charles Dyer, 81, active in the Canadian militia for 38 years.

NEW YORK—Napoli Baker, 44, founding vice-president of the Viennese state opera.

There are about 1,500 known species of bees in the world with slightly varying habits and intelligence.

By BILLY ROSE

# Innocent Swindle Nets Thousands

He's dead now, so the story can be told. His name was Jack Melcher, and I first met him back in the 20's when it was fashionable to be shifty—when, to hear the Broadway boys tell it, only a sucker gave a sucker an even break. At the time Melcher was working for Hill-Bloom, the show business weekly, and his take-home pay was barely enough to buy him a beer and a cigarette.

When I met him again a few months later, he was wearing a new suit, a new car, and a new name. He was now "Bill" Melcher, and he was now a "big shot" in the show business. "Bill" was everything, I said.

INNOCENT ENOUGH  
He was innocent enough, wasn't he? As you know, he was a "big shot" in the show business, and he was now a "big shot" in the show business.

He was innocent enough, wasn't he? As you know, he was a "big shot" in the show business, and he was now a "big shot" in the show business.

He was innocent enough, wasn't he? As you know, he was a "big shot" in the show business, and he was now a "big shot" in the show business.

He was innocent enough, wasn't he? As you know, he was a "big shot" in the show business, and he was now a "big shot" in the show business.

He was innocent enough, wasn't he? As you know, he was a "big shot" in the show business, and he was now a "big shot" in the show business.

He was innocent enough, wasn't he? As you know, he was a "big shot" in the show business, and he was now a "big shot" in the show business.

He was innocent enough, wasn't he? As you know, he was a "big shot" in the show business, and he was now a "big shot" in the show business.

He was innocent enough, wasn't he? As you know, he was a "big shot" in the show business, and he was now a "big shot" in the show business.

He was innocent enough, wasn't he? As you know, he was a "big shot" in the show business, and he was now a "big shot" in the show business.

He was innocent enough, wasn't he? As you know, he was a "big shot" in the show business, and he was now a "big shot" in the show business.

He was innocent enough, wasn't he? As you know, he was a "big shot" in the show business, and he was now a "big shot" in the show business.

He was innocent enough, wasn't he? As you know, he was a "big shot" in the show business, and he was now a "big shot" in the show business.

He was innocent enough, wasn't he? As you know, he was a "big shot" in the show business, and he was now a "big shot" in the show business.

He was innocent enough, wasn't he? As you know, he was a "big shot" in the show business, and he was now a "big shot" in the show business.

He was innocent enough, wasn't he? As you know, he was a "big shot" in the show business, and he was now a "big shot" in the show business.

He was innocent enough, wasn't he? As you know, he was a "big shot" in the show business, and he was now a "big shot" in the show business.

TALKING OVER plans for holding here this Friday and Saturday are executive of West Jasper Residents Plan. From left are Harold Newman, president, Mrs. T. Shaker, secretary and Ernest Fowle, treasurer. They will be held to erect skating rink for community children.

# West Jasper Residents Plan Community Spirit Revival

Old-time community spirit is going to be revived in West Jasper, Place.

Sherwood District Merit Club last night decided to hold a building here over the weekend to get work done on a skating rink. It is being erected next to the school, 130 street and 41 avenue.

Club president Harold Newman told the three-week-old group: "This is the only way we'll get things done."

It was organized when residents of the Sherwood district in West Jasper decided to do something about lack of recreation facilities for school children.

ANOTHER CLUB  
The publicized group has plans also for a badminton club, boxing classes and handcraft classes.

For the building here Friday afternoon and Saturday, the entire district will be secured for building funds. The plan is to get up the main part of the rink before heavy snow sets in.

The rink will be 200 feet long and 60 feet wide. Most material used in the project has been donated by city firms.

Fishermen Saved  
In Gale By Police  
COMM, N.C., Nov. 10.—(CP)—Two provincial police constables yesterday smashed Wilmet Field of Vancouver from the gate-battered Strait of Georgia as his small row boat foundered beneath him.

"Fritz," accompanied with the double-bottomed, department, took to the row when his outboard motor sprang a leak and threatened to founder in gale and heavy seas. Police put out in a borrowed power scull.

# War Vets Light Torches In Abbey

LONDON, Nov. 10.—(AP)—Twenty Belgian veterans in remembrance torches in Westminster Abbey last night while honours were paid to them.

The service here was afterwards carried to a large hall through the streets of London, where I will be taken by an procession for the relighting of ceremonial fire above the tomb of the unknown warrior in Westminster.

Suit Against CBC  
To Be Dismissed  
TORONTO, Nov. 10.—(CP)—A \$5000 suit against the CBC was settled out of court yesterday after the plaintiff, Mrs. Edith Hagan, withdrew her claim.

Mrs. Hagan said she was injured to her head when she fell in a CBC studio.

Fire Engine Crash  
Kills Four Firemen  
BALTIMORE, Nov. 10.—(AP)—Two fire engines, answering an alarm, came together with a terrific crash at an intersection yesterday, killing four firemen.

Four other firemen were injured, two critically.

A witness said that firemen were burned off the engines by "muddy tangles."

THE Bay  
Remembrance Day  
November 11, 1949, Remembrance Day of two World Wars. Again we cease our daily work to pay homage to the fallen. Let us renew our pledge to strive constantly to keep the principles of freedom for which they so valiantly gave their all.  
The Bay will be closed all day Friday, November 11th, reopening Saturday, November 12th.

# Joan Kilgour Weds James Ellis Finlay

Bride Chooses Classic Satin  
For Pretty Wedding Gown

Altar of Christ Church of England was banked with pastel bouquets of white-chrysanthemums and pink carnations for the recent evening ceremony in which Joan Frances Kilgour became the bride of James Ellis Finlay.

Rev. F. S. Olfert, assisted by Rev. G. W. Porter, read the marriage rites. The bride is the daughter of Mrs. G. S. Kilgour and the late Mr. Kilgour, and the bridegroom is the son of Mr. and Mrs. G. W. Finlay, all of Edmonton.

The bride was given in marriage by her brother, J. C. Kilgour. For her wedding she chose a classic gown of white satin, styled with a soft, yoke and full graceful skirt.

Her floor-length veil was gathered to a pearl headband and she wore a single strand of pearls as her only ornament.

The new "overshoes" are softer in shape and smaller in size than those of a few years ago. Most of them look just like the old-fashioned overshoes but with the addition of the shoulder strap.

More taffeta frocks in shades of blue and green were worn by the bridesmaids, Miss Heather G. Campbell and Miss Louise Duff.

Dr. J. F. Brand proposed the bride's hand. During the reception G. Campbell sang "Thru the Fire" and the bridegroom, and Miss Louise Duff.

They carried floral arrangements of orchid and yellow mums. Best man was H. Porter, and the guests were seated by Allan Campbell and H. Hendon.

Reception for 125 guests was held in the parish hall following the ceremony.

To receive, Mrs. Kilgour wore a white tulle gown, with black accessories and a corsage of cream roses. Mrs. Finlay, who also received, chose an afternoon dress of black lace with black and red accessories. Corsage of red and white roses.

For travelling, the bride wore a midnight blue suit with grey accessories and a plum topcoat, from which she will start.

When putting her new dress on in the dressing room, she was in a little else before realizing that it was more easily the shoe (for nail polish) will resist staining—and when it happens there will be no more.

Mrs. Martha Penn, Minneapolis.

Following a honeymoon trip to Jasper, Mr. and Mrs. Finlay will make their home in Banquet.

July 21 to August 20 (Leo)—You will have a very successful year. You will be very successful in all your undertakings.

August 21 to September 20 (Virgo)—You will have a very successful year. You will be very successful in all your undertakings.

## Tobe on Fashion—

The fashion for casual clothes has swept the country in short order because it is so essentially right for our casual American life.

Among other fashions to be brought with it is a revival of the over-the-shoulder bag to wear with tweed suits and casual coats and jockey dresses.

The new "overshoes" are softer in shape and smaller in size than those of a few years ago. Most of them look just like the old-fashioned overshoes but with the addition of the shoulder strap.

More taffeta frocks in shades of blue and green were worn by the bridesmaids, Miss Heather G. Campbell and Miss Louise Duff.

Dr. J. F. Brand proposed the bride's hand. During the reception G. Campbell sang "Thru the Fire" and the bridegroom, and Miss Louise Duff.

They carried floral arrangements of orchid and yellow mums. Best man was H. Porter, and the guests were seated by Allan Campbell and H. Hendon.

Reception for 125 guests was held in the parish hall following the ceremony.

To receive, Mrs. Kilgour wore a white tulle gown, with black accessories and a corsage of cream roses. Mrs. Finlay, who also received, chose an afternoon dress of black lace with black and red accessories. Corsage of red and white roses.

For travelling, the bride wore a midnight blue suit with grey accessories and a plum topcoat, from which she will start.

When putting her new dress on in the dressing room, she was in a little else before realizing that it was more easily the shoe (for nail polish) will resist staining—and when it happens there will be no more.

**LIBBY'S, CANADA'S MOST POPULAR FRUIT JUICE**

Enjoy the incomparable garden-fresh flavour of tomatoes fresh from the vine. Ask for Libby's, and let your own taste be the judge. Credit goes to the summer sun for filling our fine tomatoes with juice. But it's Libby's exclusive method—the patented "Gentle Press"—which takes out the juice without peeling any skins and seeds. So in Libby's

Tomato Juice you really do enjoy finer flavour. And you get your full share of vitamins A and C of which Libby's is an excellent dietary source. Without these vitamins your body has less resistance to winter colds and infections. It's a wise health rule to serve Libby's often—to keep a few tins in the refrigerator and enjoy it whenever you're thirsty.

# Jane's Cheese Chatter Has Homemakers Tips

National Cheese Week Prompts  
Favorite Cheeses to Menu Use

By Jane Scott

During this past week, as Canada celebrates National Cheese Week, homemakers have been beginning to choose cheese.

I've spent time gathering a few handy bits of info on the cheese matter and hope you'll take your favorite recipes away in your cook book for future reference.

Here you are, homemakers!

"Cheese" is the principal word of cheese made in Canada. It is commonly called Canadian cheese or just "cheese" and is sold everywhere in the form of a wheel, in a block and in slices. The age of the cheese affects both flavor and texture but not its food value.

**TYPES OF CHEESE**  
In addition to Cheddar, many other types of cheese are made in Canada. Among them are: Swiss, Emmentaler, Camembert, Brie, Gouda, Limburger and Roquefort. In former years, most of these were imported but now many very fine cheeses of these types are made in Canada.

**PROCESS CHEESE**  
Process cheese is made from a cheese base which is melted and pasteurized. It is usually melted, ground and then poured into moulds. It is used in a variety of ways, from a sauce to a filling for sandwiches and casseroles.

**HOW TO COOK CHEESE**  
Cook cheese at low temperature. High temperature, rapid cooking and therefore makes cheese less easily digested.

In order to melt cheese evenly with other ingredients, the cheese is usually melted, ground and then poured into moulds. It is used in a variety of ways, from a sauce to a filling for sandwiches and casseroles.

## Tips For Kitchen We Picked Up In Passing

By Jane Scott

Every homemaker worth her salt likes to know shortcuts to greater efficiency, economy and speed.

Don't you think it is a splendid idea to clip household hints from every magazine, newspaper available and keep a kitchen clip notebook?

Just to list a few of the things picked up in passing:

When making deep pockets, do not use the dough with a circular hole. Use a square hole. The square hole will hold the filling better.

When making deep pockets, do not use the dough with a circular hole. Use a square hole. The square hole will hold the filling better.

When making deep pockets, do not use the dough with a circular hole. Use a square hole. The square hole will hold the filling better.

When making deep pockets, do not use the dough with a circular hole. Use a square hole. The square hole will hold the filling better.

When making deep pockets, do not use the dough with a circular hole. Use a square hole. The square hole will hold the filling better.

When making deep pockets, do not use the dough with a circular hole. Use a square hole. The square hole will hold the filling better.

When making deep pockets, do not use the dough with a circular hole. Use a square hole. The square hole will hold the filling better.

When making deep pockets, do not use the dough with a circular hole. Use a square hole. The square hole will hold the filling better.

IN OUR Province

## Band Is Better Than Chilblains

CALGARY, Nov. 10.—Quite some years ago, long before we fell heir to falling hair and dandruff, we were attending a form school—form, that is, not reform—in Shropshire, England, and life was made most miserable not so much by the teacher as by a bad case of chilblains. One way to ease itching chilblains is to stamp your feet and that's just what we did. The teacher, eventually tiring of the thumping, asked if we would like a drum. All this came to mind when some Calgary students entertained delegates to Alberta School Trustees' Association, and all a fellow can say is that in putting up with chilblains as part of his education, he was born 30 years too soon. For, today, apparently, they do take drums to school. Along with bells, pop bottle tops, chair rungs, tambourines, and—shades of Spik Jones—they make music out of them. And for exercise the students dress themselves in gay range country shirts and blue jeans and dance the hooch!

It's a Great Change

If you can remember when your school chorus sang "Hark, Hark, The Lark", you'll be surprised to know that today they tickle a tonsil with "It's a Great Day". They turn out a good tune even if it does sound unusual to hear youngsters harmonizing such thoughts as "G'dried will warn you... some early morn you... will hear his horn". But trustees from the country, where they are past masters of improvisation, found the rhythm band a real education. A rhythm band is designed to give the children natural rhythmic expression. Cheaply, too, some instruments, mostly toys, can be purchased. But a candy box makes a good drum. An ordinary bell can develop a musical tinkle. So will bottle tops when pierced and hung on a string. And two chair rungs when tapped together sound mighty like the tick of a clock.

Students With Happy Feet

Put them all together with piano accompaniment—or a phonograph record calling moves for the square dance—and you have Alberta teachers developing a generation with rhythm in their souls and with happy feet. And no chilblains.

# Where HARD WEAR COUNTS

On the farm or wherever a tough wear-resistant Leekies Boot is needed, Leekies prove their worth. These husky, rugged boots—expertly built—give long service—last nothing in comfort. If you've worn Leekies to buy, see your Leekies dealer.

LEEKIES QUALITY WORK BOOTS

# Wife Freed In Killing

DETROIT, Nov. 10.—(CP)—Detroit police said today investigation of suspects held in the Calgary beer-bottle slaying of 23-year-old Yvonne Levesque last Aug. 11 has been completed.

William L. Wallace, 42, who Detroit police said confessed to the slaying, will leave for Calgary today to stand trial on a murder charge.

His 23-year-old wife, Wilhelmina, is in investigation of murder after Detroit police said Wallace implicated her in his statement, was released from custody and returned to the Detroit apartment of her mother.

Yvonne Levesque was slain by a beer bottle thrown at her by Wallace during a fight in the Detroit apartment of her mother.

# DRINK THE COFFEE MOST PEOPLE LIKE

BEST

at 58c a pound. Because... it has all the qualities which make a cup of good coffee so refreshing... so satisfying.

# Bishop Visits Lloydminster

LOVDMINSTER, Nov. 10.—Bishop Fuller, of Saskatoon, was here today for a public reception in his honor held in the St. John's Anglican church here Sunday morning. The bishop also visited the parishes of Warfieldville, Saskatchewan and Northminster during the day.

While at Northminster, he elevated Rev. Freeman to a canon and dedicated a plaque to the memory of Mrs. Freeman, who died in the church for more than 40 years.

Bishop Fuller visited Athol and Tangdara and Monday evening was guest at a public reception in his honor held in the St. John's Anglican church here Sunday morning. The bishop also visited the parishes of Warfieldville, Saskatchewan and Northminster during the day.

# "At the going down of the sun, and in the morning We will remember them..."

SAUNDERS KINTON

we will remember our honoured dead and the cause for which they gallantly laid down their lives . . .

we will remember that the ideals of freedom and truth and justice for which they fought and died are still the noblest principles for men to live by ....

we will remember that we, the living, have a duty to those who died: to work for peace, to cherish liberty, to make certain that the sacrifices of two World Wars shall not have been in vain.

The Store Will Remain
